

## Global Health Certificate Programs

Global Health University provides online enrollment in courses as well as an opportunity for an immersive global health experience. The certificate programs are designed to provide students, educators, doctors, public health professionals, and other professionals, with important skills and understanding about global health. One may choose to enroll in one or all of the certificate program opportunities.

### Online Certificate Programs

**Certificate in Global Health** Gain a comprehensive understanding about the complexities and realities of global health.
